

## Change to School Hours Starting October 5, 2020:

We wanted to give you notice that the Webster School District will be reducing our school day by 30 minutes daily at all levels. These 30 minutes will give our teachers the opportunity each day to connect with our 100+ remote students, time to prep for the demands of remote learning and time for professional development around running a synchronous learning model.

We know this will put some strains on our parents. To alleviate this strain for some of you, we will be offering free afterschool care for elementary students who do not ride the bus that will run from 2:40 p.m. - 3:30 p.m. daily. Please reach out to the building Principals for further information or questions. Thank you for your patience and understanding.

New release bell times:

Elementary School - 2:40 p.m.

5-12 School - 2:55 p.m.
