

School District of Webster Request for Exemption from Face Covering Requirement

The School District of Webster requires all staff & students to wear a face covering while on any school transportation and within our school buildings. We understand that there are certain medical conditions which make wearing of face coverings unsafe for employees. Therefore, the District is working with local health care providers to accommodate medical exemptions to the face covering requirement for staff & students.

Name _____

Homeroom Class/Grade level _____

Phone Number _____

Email _____

Signature _____ Date _____

Please select the reason for which you are seeking a face covering exemption. Then bring this form to your medical provider to complete the sections below.

- Individual has trouble breathing with face covering on.
- Individual is unable to remove face covering without assistance.
- Individual has a medical condition, intellectual or developmental disability, mental health condition, or other sensory sensitivity that prevents wearing of a face covering.
- Individual is deaf or hearing impaired.

NOTE: The following conditions are NOT considered reasons for exemption to the face covering policy: asthma and other pulmonary/lung diseases, diabetes, kidney disorder, migraines, seizure disorder, ADHD.

Sign below to verify that a face covering exemption reason indicated above is valid for this individual.
